

# touchdown party

{tips & hints}

From Friday Night Lights to  
the Big Game ...  
you've got almost 7 months of football  
to get your game on!

## Décor

- Decorate with your favorite team colors whether they be a high school, college or NFL team.
- Decorate with sports memorabilia and/or athletic equipment.
- Use items that you would normally see at a game like foam fingers, fun hats, beaded necklaces and flags.

## Entertainment

- Use the photo props included in this kit to take selfies.
- Play football bingo – create your own bingo cards and fill them with things that could happen in a game like touchdown, delay of game, interception, etc. Have a prize on hand for the winner.
- If you prefer to get outdoors during half-time create your own football toss game with a regular sized football or for an indoor/outdoor game – have everyone see how many small footballs they can throw into an open box from 10 feet away.

## Party Favors

- Give your guests small football shaped stress balls. (These could be used in the football toss game above.)
- Fill small plastic footballs with candy.
- Send everyone home with a 'championship ring' (ring pop).

## Food display

- Place food on short wooden boards arranged to look like a stadium end zone.
- Insert small flags and plastic goal posts into food for a festive touch.
- Arrange food in trays similar to the ones you see at ball games.
